**If a household's income is high, the household is more likely to qualify if they pay for housing costs.*

Households

A household is defined as an individual, couple, family or group that purchase and prepare food together. Household members do not need to be related.

People who must apply together regardless of purchasing and preparing food separately:

- A married couple who live together
- Children under 22 living with parent(s)
- Unmarried couple living together with a common child

Possible Income Deductions Include:

- Housing Costs
- Utilities
- Child Support Payments
- Child-Care Costs
- Medical Costs (only for Seniors/Disabled)

We encourage all who are interested to apply for CalFresh.
